

May 11-14 Daily Assignments

Monday 5/11/2020

There is a special project Ag in the Classroom sponsored by AZ Farm Bureau and presented by WYCEC. This is optional. There will be a video link on the district website to watch and the materials were left in the classroom with student belongings.

Reading

ReadWorks-Assignment Avalanche, Vocabulary, Comprehension Questions

Please go to www.readworks.org/Student Class Code RBDSCS Password 1234

Reading Log-Continue to read 20 minutes each day

Writing

Journal-For the next few weeks students are going to write letters to the other students in the class. I am going to compile all of the letters into a PowerPoint to send to the students the last week of school. There will be a few days when your child will need to write a letter to two different students. I know that our class did not get to say goodbye and this is a way for their thoughts and feelings to be shared. If it is your child's day to be written to, then they get the day off and automatically get the points. Please write these the same way we have been practicing with the date, greeting, body (5 sentences), closing, and signature. They may ask questions, give compliments, or anything they would like to share with that child. I'm sure all of the students will be excited to get letters from their friends. **Letters to Jayden Damian. I will not be assigning the Article-A-Day, so students can write to both classmates each day.**

Spelling

The spelling list is on the website. Monday-Write spelling words 3 times each

Math

Complete Math Review 32 Day 1 and eight money subtraction problems. Please label papers.

Please check Mrs. Kirkedahl's classroom website <https://mekirk02.wixsite.com/bagdad-schools-art> for Art activities for today.

Optional Supplemental Online Programs

Although these are optional, I strongly recommend having your child spend at least **15-20** minutes on each of these every day. Students have been working on these in class and should know what to do. I am going to give everyone their passwords in case anyone has forgotten. **Passwords were sent out in the original email I sent you.**

Reflex Math- Many of you already know we have been working on this. Students have made great gains in their fluency and this is a perfect time to have them master their addition and subtraction facts.

<https://www.reflexmath.com/>

iReady- Students also do this program every day. iReady is adaptive and allows students to work at their ability level. This program does not only focus on math facts, but also mathematical concepts that your child needs to improve upon whether this be below, on, or above grade level. <https://login.i-ready.com/>

Reading Eggs-Reading Eggs makes learning to read interesting and engaging with great online reading games and activities. Your child has already been using this and really enjoys it. This program is also adaptive and works at their learning level. Students will know what to do once they log in.
