

# MAY

May 11, 2020

## Ask About

Can you believe we made it? Distance learning has been a challenge, but you have all done a wonderful job. I know how difficult it is to be a parent, teacher, and work. Your kids are lucky you were there to help them during this difficult time. This is the last week of assignments. Please turn them in as soon as possible. Work must be turned in by May 21<sup>st</sup> to be entered in the gradebook. I have loved having your children in my class and am so sad the year ended the way it did. I will be sending the kids a special PowerPoint with letters from all of their classmates. I look forward to seeing you all next year and thank you for the opportunity to teach your children.

## Important Information

### Specials
